Fredrich Andre Guzman

Legazpi City, Albay | 09458521556 | redguzman015@gmail.com

OBJECTIVE

Goal is to gain hands-on experience by applying technical knowledge to real-world IT tasks. Intent on strengthening problem-solving skills using industry-standard tools while contributing to team objectives and learning professional workplace ethics.

TECHNICAL SKILLS

Languages: C#, Python, Java, MongoDB, MySQL, HTML, CSS, JavaScript, PHP.
Databases: MongoDB, MySQL (XAMPP)
Frameworks & Tools: ReactJS, TailwindCSS, Laravel, Git, Visual Studio, IntelliJ IDEA, SAP S/4HANA (Fiori)
Design & Multimedia: Adobe After Effects, Adobe Photoshop

TECHNICAL EXPERIENCE

Capstone Project: TreaSureTrack
Project Developer — April 2025 – November 2025

- Streamlined regional maintenance operations by engineering a full-stack system using ReactJS and Laravel, reducing manual processing time by **40%**.
- Conducted user testing and presented comprehensive technical documentation to faculty, ensuring high-quality software delivery and a successful system defense.
- Implemented a MongoDB database for real-time logging and asset tracking, improving data retrieval speed by **30%** for Bureau of the Treasury (BTr) employees.
- Developed Python automation scripts to parse PDF reports, which cut data entry errors by **95%** and significantly accelerated reporting workflows.

PROJECTS

Web-based Weather Application — Aug 2025

- Developed a front-end application using ReactJS and Tailwind CSS that fetches real-time data from the OpenWeatherMap API.

Warehouse Management System — Jun 2024

- Developed a desktop warehouse-management application in a 4-member team using C# (WinForms), XAMPP stack, and MySQL.
- Modules cover real-time inventory tracking, supplier management, and role-based access for admins, clerks, and auditors.

EDUCATION

STI College Legazpi — Legazpi City, Albay
Bachelor of Science in Information Technology — August 2022 – present

Saint Raphael Academy — Legazpi City, Albay
Senior High School — Jul 2020 - Apr 2022

Saint Raphael Academy — Legazpi City, Albay
Junior Highschool — Jun 2016 - Apr 2020

CERTIFICATIONS & TRAINING

Modules of S/4HANA using Global Bike	Global Bike
Introduction to S/4HANA (Global Bike)	Global Bike
JavaScript Fundamentals and Projects	Udemy
Systems Administration	Linux Professional Institute
Java Fundamentals	Oracle Academy
